Cracow Is Now the Pivot of  
Developing Operations.Are Planning to Invade Ger-  
many From the South.London, Dec. 19.—The German war  
office announcement of an overwhelm-  
ing victory in Poland still fails to bring  
a response from Petrograd.Berlin is puzzled by the absence of  
details and is said to be experiencing  
a "shadow of disappointment," al-  
though still celebrating the reported  
victory.Petrograd dispatches say that the  
new Austrian expedition across the  
Carpathian mountains into Galicia has  
been checked and that the Russian  
forces near the Silesian frontier are  
holding their positions firmly. The  
Cracow region is described as the real  
pivot of the operations now developing  
which would indicate that the Russians  
were content for the present to remain  
on the defensive in north and central  
Poland, while planning at attempt to  
invade Germany from the south.London newspapers have revived the  
report that the allies have captured  
Roulers, in one of the most furiously  
contested regions of Flanders. Like the  
rumored capture of Westende, this re-  
port lacks official confirmation. About  
all that is known definitely of the  
situation in the west is that the allies  
are exerting steady pressure on the Ger-  
man line, and while advancing in some  
localities have suffered reverses else-  
where.It is announced in Athens that 100  
men, including several German officers,  
lost their lives when the Turkish bat-  
tleship Mesoudieh was sunk by a British  
submarine. A previous official state-  
ment from Constantinople said the  
crew had been saved. England is pre-  
paring to express its gratitude to the  
United States by cabling a message  
of thanks at Christmas time.

## ROB A POSTOFFICE.

Arma Burglars Got Several Hundred  
Dollars Worth of Stamps.Arma, Kan., Dec. 19.—The postoffice  
here was entered last night and between  
\$500 and \$800 worth of stamps taken from  
the safe. A hardware store next door  
also was entered and five shotguns and  
five revolvers taken and ammunition for  
both kinds of weapons.It is believed that either five or ten men  
were in the party and that they first en-  
tered the store and prepared to defend  
themselves against an attack. Mrs. J. A.  
Wright, postmistress, lives in rooms over  
the postoffice and heard a noise in the  
store but believed it to be a night watch-  
man. The postoffice safe yielded to these rob-  
bers easily. The cash of the office had  
been taken away by Mrs. Wright.

## ANTHONY FOR BIG ARMY

Kansas Congressman Offers Bill to  
Add 25 Regiments.Washington, Dec. 19.—An increase of  
twenty-five regiments in the regular  
army was proposed by a bill by Rep-  
resentative Anthony today. Five addi-  
tional regiments of artillery, five of cav-  
alry and fifteen of infantry would be  
provided and the present law limiting  
the army to 100,000 men would be re-  
pealed.Weather Forecast for Kansas.

not much change in temperature.GOES TO STUDY WAR  
TACTICS OF GERMANS

Captain Samuel D. Rothenbach.

Captain Samuel D. Rothenbach, of  
the 11th cavalry, U. S. A., has been  
assigned to the German army. After  
many requests from this government  
the German government has per-  
mitted a branch of the service to  
observe their tactics. Just where  
Captain Rothenbach will be station-  
ed is not known.

## CHARTER BIG BOATS.

London.—The scale of hire for vessels  
chartered by the British government  
for use as armed cruisers, troopships,  
hospital ships and other purposes has  
been drawn up by the admiralty com-  
mittee, and from these rates it is  
possible to make a rough calculation  
of the earnings in three months of  
some of the biggest vessels which are  
well known in the Atlantic trade. They  
are as follows:

Vessels—	Tons.	Speed.	Earnings.
Aquitania	45,647	22	\$85,350
Carmania	19,600	18	\$38,400
Cedric	21,025	17	\$35,000
Tunisia	19,576	18	\$38,400
Empress of	14,150	20	\$41,500

In addition the government is re-  
commended to pay the cost of pre-  
paring the vessels for state purposes,  
for time lost between end of military  
period till restoration of the vessel in  
normal work and for higher wages.

## GO BACK ON VILLA

Troops Comprising the Garri-  
son at San Luis PotosiRevolt and Swear Allegiance to  
President Carranza.San Antonio, Dec. 19.—San Luis Po-  
tosi fell into the hands of loyal Car-  
ranzista troops when the garrison there  
revolted against General Villa and sur-  
rendered the city to General Pablo  
Gonzalez, according to a cablegram  
received here at the Mexican consulate today.  
General Samuel De Los Santos and  
several thousand troops, comprising the  
garrison, then took the oath of alle-  
giance to Carranza and the Constitu-  
tional cause, the dispatch stated.Confidential advices were received  
here today announcing the success-  
ful execution of the summary ex-  
ecution of all former federal officers  
and soldiers taken prisoners while  
fighting against the Constitutionalists.  
This order nullified the leniency  
granted former offenders upon the ab-  
dication of former Provisional Presi-  
dent Carranza.

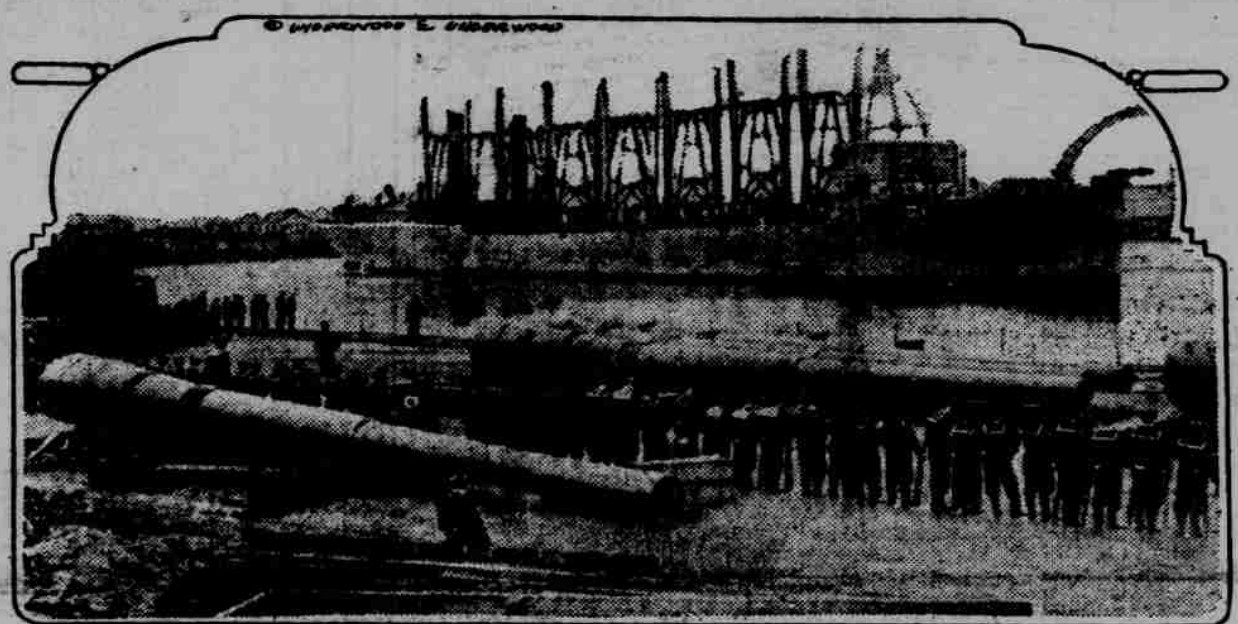

## GRAFTS AN ARM

French General Profits by Won-  
derful Surgery.Possibilities of Mixups Now in  
Our Households.Paris, Dec. 19.—It is now possible  
for a man to hug his own wife with  
the arms of another man. Dr. Alphonse  
de la Rochefort, a French surgeon, has  
just successfully grafted a left arm on  
General Trumelet Faber, whose own  
arm had been torn off by a shell in  
Belgium.The grafted arm was amputated  
from a dangerously wounded private  
who was about the same size as the  
general.It is the general belief among those  
most interested in the possibilities of  
this branch of surgery that it is only  
a matter of time until it will be pos-  
sible to transplant any human organ  
from one body to another.When this becomes possible, as it  
undoubtedly will, live men will walk  
on dead men's legs, one man's stom-  
ach will digest the food of another,  
and the heart of one woman may  
flutter in the breast of another.Another not imaginary phase about  
this development of surgery is that  
when it becomes thoroughly perfected  
it will be possible to prolong hu-  
man life indefinitely. By merely re-  
placing the organs as they wear out  
or become incapable of performing  
their functions, men who have proven  
themselves of most value to the world  
may be kept alive almost indefinitely.

## PHONE MEN MEET

Jan. 5-7 Is Out.Commercial Club to Give Thea-  
ter Party and Smoker.Several prominent telephone men of  
the country are on the program for  
the meeting of the Kansas Independ-  
ent Telephone association which will  
be held in the National hotel, Topeka,  
January 5-7. The program was an-  
nounced today.Registration will begin at nine  
o'clock Tuesday morning, January 5.  
The convention will be officially  
opened at two o'clock.J. Will Kelley, secretary of the  
Commercial club, will give the address  
of welcome. C. J. Myers of Kansas  
City will respond. This will be fol-  
lowed by the report of the secretary,  
Fred Coulson.E. H. Hogue, ex-secretary Kansas  
public utilities commission, will  
speak at three o'clock on "The Kan-  
sas Public Utilities Act." G. M. Strat-  
ton of lay Center will have some-  
thing to say about "Collections."The three hundred visitors will be  
the guests of the Topeka Commercial  
club at a theater party Tuesday even-  
ing.Arthur Capper, governor-elect, will  
speak at ten o'clock Wednesday morn-  
ing, Jan. 6. "The Financial Side of the  
Telephone Business" will be discussed  
by J. C. Kelsey of Chicago. A conven-  
tion photo will be taken at 11:45.John M. Kinkel, member state pub-  
lic utilities commission, will speak at  
two o'clock on "The Telephone." Sam-  
uel E. Howe, member state tax com-  
mission, will handle the subject, "Tax-  
ation." F. B. Mackinnon, secretary  
National Independent Telephone asso-  
ciation, will speak.SAVE LIVES OF

A SAVING COMMERCIALLY, TOO

Funeral Expense of \$60,000 An-  
nually Cut Down.Change Methods of Gathering  
Vital Statistics."When the average funeral costs \$60  
and a baby's life can be saved for \$15,  
save the babies."That is the slogan of the club women  
who have appealed to Dr. S. J. Crum-  
bine, secretary of the state board of  
health, for a legislative appropriation  
of \$15,000 a year for child hygiene. The  
\$15,000 will save the lives of 1,000 Kan-  
sas babies, according to the opinion of  
Dr. Crumbine, who has already made  
arrangements for establishing a de-  
partment of child hygiene.AMERICAN CHRISTMAS SHIP VISITS PLYMOUTH, ENGLAND, WHERE  
GREAT GUNS ARE WAITING TO BE MOUNTED ON THE BRITISH SHIPS

This picture of the Santa Claus ship Jason, loaded with millions of gifts from generous Americans to the war sufferers, was taken as she dropped anchor at Plymouth, England, before proceeding on her journey to visit the different ports to which she is carrying her Christmas consignments. In the immediate foreground may be seen the big guns which Great Britain is now putting on her battleships. The size of them can be judged by comparing the line of British sailors drawn up in front of these great pieces of British armament.

A number of women's clubs have taken  
up the child hygiene agitation and  
now it is probable that the state will  
show an interest in the work and set  
aside a fund for the saving of the lives  
of Kansas babies. Dr. Crumbine would  
now change the method of gathering  
vital statistics. He would arrange for  
gathering a weekly report of all births  
and deaths in Kansas. At present the  
state receives but a monthly report.By changing the method of gathering  
the birth and death records of the  
state, Dr. Crumbine would provide a  
corps of nurses who would enter homes  
and care for mothers and their babies.  
Save 1,000 Babies."I believe Kansas could reduce her  
death rate among babies ten per cent,"  
said Dr. Crumbine. "It may be a little  
grotesque to make such a comparison,  
but one smart young fellow back in  
Boston has gathered figures to show  
that the average funeral costs \$60.  
Well, with \$15,000, I believe we can  
save the lives of 1,000 babies. Put the  
question on a straight commercial basis.  
A thousand funerals would cost Kansas  
families \$60,000. A thousand babies  
would make a thousand families happy  
and the expense of \$15,000 would in  
reality be a saving of \$45,000."By changing the methods of gathering  
vital statistics, the state board of health  
would not only keep in close touch with  
births and deaths, but would be pre-  
pared to immediately combat any dis-  
ease among infants. With advice from  
county correspondents, the board of  
health would be able to send nurses  
into localities where they would do the  
most good and in the judgment of Dr.  
Crumbine would save hundreds of  
lives.A bill asking for an appropriation for  
a child hygiene department under su-  
pervision of the board of health, will  
be introduced in the coming session of  
the legislature.

## FRENCH BUY PANTS.

Order for 48,000 Pairs Placed With  
Chicago Firms Today.Chicago, Ill., Dec. 19.—Forty-eight  
thousand pairs of trousers, costing  
\$72,000, were ordered here today by  
buyers for the French government.  
The contract is a rush order. The  
trousers are of the ordinary working  
man's type for the use of the sappers  
and miners of the French army.The British government is prepar-  
ing estimates for \$500 motor trucks,  
according to information received by  
Chicago manufacturers. This order,  
it was estimated, would amount to  
\$10,000,000, as the trucks probably  
would average about \$1,500 each.

Name a Mystery.

With name and residence unknown,  
the unfortunate man who was killed  
under the wheels of a freight train  
in North Topeka at 6 o'clock Tuesday  
evening was buried in the potter's  
field at Rochester cemetery this after-  
noon.Since his death a veil of mystery  
has shrouded the man's identity, de-  
spite the efforts of city, county and  
Union Pacific officials to locate his  
relatives.The funeral took place at 2 o'clock  
this afternoon.STONE CLAIMS IT

Republican members of the house.The speakership fight in the coming  
session of the state legislature is be-  
tween Robert Stone of Topeka and A.  
M. Keene of Fort Scott. Both men  
have served several terms in the state  
legislature and both were speakership  
possibilities in the 1913 session, had  
the Republicans been in control of the  
house. As soon as it was known that1915 house, friends of both men began  
an active campaign for speakership  
votes."By letters and verbal pledges, I  
have the promise of two-thirds of the  
Republican votes," said Stone today  
in discussing the speakership. "It  
ought to insure my election. With  
votes already pledged, my friends will  
control the Republican caucus."Should all of the Republican mem-  
bers of the house abide by the caucus  
showing, the election to the speaker-  
ship will go to the candidate making  
the strongest showing of party mem-  
bers. There are 66 Republican mem-

MONEY FOR DEVELOPMENTS

More Funds Needed to Insure  
Permanent Supply.State Receivers in Charge of  
Company Affairs.Application will be filed with the  
public utilities commission in a few  
days for an increase in the price of  
gas paid to the Kansas Natural Gas  
company. The increase will affect  
distributing companies which buy  
their gas supply direct from the Kan-  
sas Natural. In their turn the dis-  
tributing companies will ask for an  
increase in the price paid by con-  
sumers.That the increase in gas rates may  
be granted, is the belief of men who  
have kept in close touch with the  
Kansas Natural's receivership trou-  
bles. It will be urged when the ap-  
plication is presented to the public  
utilities commission that the receipts  
from the sale of gas at present rates  
will not enable the company to pay  
dividends. It will also be urged that  
the expense of production has greatly  
increased and that gas is now carried  
300 miles further through the com-  
pany's pipe lines than at the time ex-  
isting rates were established.As a result of the gas receivership  
agreement in Independence this week,  
it is believed that the application for  
an increase in rates at this time will  
meet less opposition than at any time  
since the organization of the giant gas  
company. Under the new peace pact  
gas company creditors will wait six  
years for their money, new money  
will be provided for extensions and  
developments and the state receivers  
will remain in charge of the com-  
pany's affairs.In Small Towns.

## OUT OF REVENGE

Rhems Is Again Being Shelled  
by the Germans.Action Attributed to Wounding  
of the Kaiser's Son.

(By Wm. P. Simms.)

Paris, Dec. 19.—Rhems is being bom-  
arded again because the Germans are  
angered at a French coup by which  
Prince August Wilhelm, fourth son of  
the Kaiser, was wounded. Such is the  
story which reached here today.A French army observer near Rhems  
recently noted from his place of con-  
cealment a vast amount of preparations  
for some sort of ceremony behind the  
German line. Troops were drawn up  
for review and bands were playing and  
he was convinced that Prince August  
Wilhelm, known to be in this particular  
section, was to inspect the troops.The observer gave the range to a  
French battery and the guns were  
served so cleverly that when an auto-  
mobile which carried the important  
personage for which the troops were  
arrayed, came into range, a shell struck  
it. The French observer claimed to  
have seen Prince August, one of those  
in the motor car, lying wounded in the  
head and leg from this shell. That  
night the Germans began shelling  
Rhems again.The French are at a loss to under-  
stand why the town, which they say  
does not now contain any troops and  
which is unfortified, should be so  
treated with fire, unless it is because  
of the German rage at the wounding  
of their prince.Dispatches from Berlin on Decem-  
ber 17 related that Prince August Wil-  
helm was in Berlin recovering from  
an injury received in an automobile  
at the front. It was not stated whether  
these injuries were the result of an  
automobile accident.GERMANS BACK UP

ROULERS REPORTED TAKEN

Another Attempt to Pierce  
Their Line Is Repulsed.Fighting Is in Progress in Out-  
skirts of Lilly.Paris, Dec. 19.—Moving northeast  
from Arras in force, the French and  
British troops today held ground rep-  
resenting the most important gain they  
have made since Arras was occupied,  
following the battle of the Aisne.For the first time in two months, po-  
sitions opposite Arras are in pos-  
session of the allies. Fighting is reported  
in progress today in the outlying dis-  
tricts of St. Laurent and Blangy. Im-  
portant advances are also reported from  
Armentieres.Roulers is again reported to have  
been captured by the allies and fight-  
ing is reported in progress in the out-  
skirts of Lilly.The allied advance along the coast  
is declared to continue today and the  
Germans are back within ten miles of  
Ostend.The greatest importance is attached  
to the advance from Arras, however.  
At that place the railroad serves as the  
main line of communication.All attempts of the Germans at Ar-  
ras and La Bassée to pierce the allied  
line have been repulsed. The at-  
tacks of the French and British have  
carried them along the River Scarpe
